I am a Student Volunteer Employee

Howard and Evanston Community Center’s Adult Education Department would like to formally invite you to our first ever Open House.

HECC's Adult Education program assists adult learners in improving their reading, writing, mathematics, English language acquisition, and other skills.

This program is special. Classes and tutor meetings are safe spaces for many, and we endeavor to protect these sources of community and opportunity.

We invite you to come:

- Browse our International Craft Fair
- Check out our cookbook (with student recipes)
- Learn about Adult Education
- Build community and make connections
- Enjoy music, food, crafts & more!
- Have fun!

Hope to see you November 15!
